Hello everyone

I am Abhijeet Anand and I was a student of FIITJEE 4 year classroom programme. Within few days of joining, I realised that I was at the right place. The competitive environment I encountered at FIITJEE was unparalleled. The peer group there pushes you to work even harder and give you best. Teachers here are extremely diligent, hardworking and intuitive enough to identify the strength and weakness of each student and help them accordingly.

Under their guidance, I secured AIR 17 KVPY (SA), AIR 9 KVPY (SX), cleared NTSE (2020), INJSO (OCSC camp), INCMO (2022) and went on to secure silver medal in IPHO (2022).

The frequently conducted tests at FIITJEE keeps you on your toes and helps you in self assessment. Students should try to follow their verbatim for better results.

I am sincerely thankful to all my teachers for their valuable guidance and constant support. FIITJEE indeed has played an important role in my preparation.

## KNOW FROM THE TOPPER HIMSELF !

My name is Harsh Kumar, a student of FIITJEE DWARKA, since Class 6th. I had heard about FIITJEE from one of my relatives and joined it through FIITJEE ADMISSION TEST in 2016.

For the past 7 years, FIITJEE constantly honed my skills in each subject, primarily Physics, Chemistry and Maths, and other subjects (Biology, SST) which helped me to crack several examinations like PRMO, JSTSE, NTSE, KVPY and JEE MAINS.

FIITJEE regularly conducted tests so that we can systematically revise the concepts discussed in class. The AITS test series conducted by FIITJEE provided us with a real-time exam environment and a variety of HOTS questions which uplifted my thinking capacity.

The teaching faculty is excellent and taught every new concept from scratch and made even the toughest concepts easy to understand.

The doubt classes are conducted regularly after each test.

Even during the pandemic, we swiftly shifted to online mode and tests were conducted smoothly on the online platform MYPAT.

In FIITJEE, I competed with the best of the best, and my peer group and faculty was very supportive.

Even though the world was struggling with the pandemic for these two years, FIITJEE's online classes began and went on with the same regularity and enthusiasm with which they started, making them no less effective than offline classes. The All India test series posed really good and challenging questions, which made the actual exam paper appear a cake walk.

All this helped me to achieve the dream score of 300/300 in JEE (mains) 2022 1<sup>st</sup> attempt itself and secure percentile . I also secured AIR 464 in KVPY 2021-22 (X stream). The years 9<sup>th</sup>, 10<sup>th</sup> were about improving problem solving skills. In the years 11<sup>th</sup> and 12<sup>th</sup>, the JEE preparation proper started. There were a lot of exams and classes conducted despite the pandemic situation. The sheer number and frequency of exams helped to improve speed and accuracy, even beyond what was required.

The first big exam was KVPY (SA), and I got AIR 106, it was very confidence boosting and then there was KVPY (SX) in which I got AIR (33), which secured a IISc seat for me. So that relieved a lot of pressure from my JEE attempt.

After 4 years of hard work, I learnt a lot of skills from FIITJEE faculties and exams. and I sincerely thank FIITJEE for their support and help.

## KNOW FROM THE TOPPER HIMSELF !

I am Utkarsh Pant. I am a student of FIITJEE four year classroom programme upgraded to integrated programme. I came to know about FIITJEE through relatives.

The faculty at FIITJEE is extremely caring, enthusiastic and passionate. The teachers guided me throughout my journey and helped me realise my full potential.

The syllabus at FIITJEE is very well organised and structured. The packages of each chapter designed to develop clearer concepts. Review booklets, workbooks and GMP also have a large variety of problems which improves concept application.

FIITJEE conducted regular FCATs and phase tests which helped me to identify my strength and weaknesses. FIITJEE's national level test series also helped me to gauge my performance at a national level.

Despite the unusual circumstances due to COVID-19, FIITJEE immediately started conducting online classes and doubt clearing sessions. Regular online tests and their detailed test analysis proved very helpful for me during pandemic. I thank my teachers, staff, peers and entire FIITJEE team to help me achieve my goals.

I am Rijul Bhat and I have been studying in FIITJEE DWARKA since class 6. The guidance I received from FIITJEE DWARKA helped me to clear various state and national level exams such as JSTSE, NTSE, RMO, KVPY, IOQP (Part II), IOQC (Part II).

FIITJEE helped me channelize my potential and gave me short term goals so that I could become confident and stay motivated towards my final goal. Joining early had immense benefits, my foundation was setup till class 11.

so that I do not face problems in any concept/chapter. Early joining benefit when combined with the excellent faculty made even the toughest concepts easy to understand.

FIITJEE also conducts a lot of tests including AITS, AITS, etc. which simulated the real feel of JEE exam. and helped me stay calm and cool on the day of JEE Main and advanced exam. The huge question bank of FIITJEE covered questions of all difficulty levels.

Most importantly, FIITJEE provided a very competitive peer group from whom I learnt many things.

It has been a great experience studying at FIITJEE and I owe all my achievements to FIITJEE.

TOPPER HIMSELF !**

I am Chaitanya Garg, student of FIITJEE Nagpur's Four Year Classroom Program. I joined FIITJEE because it is a renowned institute for their good results in JEE.

I found the class environment to be very interactive. The faculties at FIITJEE Nagpur are very supportive and motivating. They were always there to clear my doubts at any time of the day. Even during pandemic, FIITJEE maintained the momentum through live online classes.

The study material provided by FIITJEE was very helpful. Also, the weekly tests, AITS, Ait's and Phase Tests helped me analyse my preparation for the Exam. The Exams were conducted in CBT mode which made me familiar with the pattern of actual exam.

Also, the eCM tabs and myPAT provided us a platform for regular practice and analysis of my strong and weak topics. Review Packages, GMP, Archives provided after completion of syllabus were very useful for revision of the concepts.

Atlast I would like to thank the entire FIITJEE team for their constant support during my preparation.

my name is saumitra garg. I got enrolled for FIITJEE's two year classroom programme in 2020 which eventually turned out to be a life-changing decision for me. The teaching methodology, guidance of expert faculty, doubt clearing sessions and regular tests helped me to develop the required exam attempting skills, conceptual clarity and the right exam temperament. Even in pandemic, FIITJEE's online classes began and went on with the same regularity and enthusiasm with which they started, making them no less effective than offline classes. The All India test series posed challenging questions.

All this helped me to achieve the dream score of 300/300 in JEE (main) 2022 1<sup>st</sup> attempt.

As JEE (Advanced) is main goal, I have been completely focussing on FIITJEE AITS for precise performance evaluation and peer-level standing. Additionally, covering GMP, RTPF and Archive under the mentorship of FIITJEE faculty helped a lot. I would suggest all the JEE (Advanced) 2022 aspirants to take FIITJEE AITS RTPF, GMP that definitely will help to enhance your score in JEE (Advanced) 2022.

I, Parth Bhardwaj, proud to say, that I made the best decision of my life by joining FIITJEE earlier. Many other students had joined other coaching institutes and they are regretting now.

I joined FIITJEE in class 6 in the little genie classroom program and since then my journey has been nothing short of exciting, empowering and fulfilling. In these years, I got the best of everything: faculty, study material, environment, test series and guidance.

This period of seven years was a period of transition as my understanding of the concepts and my ability to think out of the box while solving problems underwent a significant improvement. The teachers were extremely knowledgeable, dedicated and supported me throughout, clearing all my doubts and addressing my weaknesses.

Regular quizzes, phase tests, AITS, monthly tests helped me to assess where I stood amongst others. All this has enabled me to achieve AIR 3 in JEE Main.

These seven years with FIITJEE have set me on a path to life long excellence. Zero stress, Top success! What else could I ask for? Thank you FIITJEE.

To anyone aspiring for a great rank in JEE Main & Advanced, I would recommend FIITJEE only.
