The FIITJEE

Journey

FIITJEE was created in 1992 by the vision and toil of Mr D. K. Goel, a Mechanical Engineering Graduate from IIT, Delhi. We had a very humble beginning as a forum for IIT-JEE with a vision to provide an ideal launch pad for serious JEE aspirants. Along the way to the realisation of this vision, we went beyond merely coaching for IIT-JEE. We actually started to make a difference in the way Students think and approach problems. We started to develop ways to enhance Students' IQ. We started to leave an indelible mark on the Students who have undergone FIITJEE training. We started changing lives. And all of this was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer benchmarks of excellence, which enabled us and our Students to achieve what we have achieved. Today, aiming for the unachievable and continuously raising the bar has become a part of the FIITJEE DNA.

The Success of our Students was inspiring and so was their faith in FIITJEE. It was this faith that was a catalyst for our venturing into areas beyond IIT-JEE. It was this faith that prompted us to embark on a mission to provide Wholesome School Education to Students through FIITJEE Integrated School Programs like SUPREME & PINNACLE, in a way, so that there was no need for any type of coaching outside the School System. In addition to the launch of FIITJEE Junior Colleges in Hyderabad, Vijayawada, Visakhapatnam and FIITJEE Global Schools in Chennai & Vellore, many like-minded Schools across the Country joined hands with us in this Student-centric endeavour to create Ideal School Education platform for Students to get admission in IITs without stress & tension along with huge success in Jr. & Sr. Olympiads. And, it was this faith only that again enabled us to create a landmark success in NTSE & INSPIRE (earlier KVPY). The launch of FIITJEE World Schools at Hyderabad was a concentrated effort in that direction, where Students are being trained for the best in the world through methodologies and practices that are truly world class.

“ This Journey from just an IIT-JEE Coaching Institute to the most powerful brand in serious education has been exhilarating. However, the Journey is not over yet. For us at FIITJEE, The Journey will never be over...

For us, this Journey itself is the destination.”

Mr. D. K. Goel

COVID, FIITJEE Fee policy and help for the affected families – FAQs

1. **What discount or fee benefit has FIITJEE extended to students / parents ?**

We could foresee in November 2019 how COVID may affect the lives of people physically, emotionally and financially. We rolled back the 10% increase in fee. Further, we have not increased the fee for next year and also have not increased the fee this year. This means our fee should have been 33% higher than what it is today if COVID was not there. Or we can say the fee being charged from students is after a discount of ~24.8%.

2. **Now since you are teaching online, your costs must be much lower. Therefore, FIITJEE Fee must be much lower.**

From Offline (in classroom) to Online, the only difference is classroom infrastructure. We cannot do away with classroom infrastructure as Offline classes will start if not this year then next year. Since

Fee Waivers & Concession

online classes cannot compare with the offline classes in effectiveness in learning, we need to be ready with infrastructure all the time. Whenever the situation is near normal, we will start in person classes.

Besides, in case of online classes the time devoted by the teachers is almost double of offline classes. Therefore, our cost of services has increased significantly in case of online classes. We could have doubled the tuition fee to meet the increased expenses but we have not done so. Further, as written above we have not increased our fee for three sessions continuously. Overall, this is 50% savings for every student.

3. What support are you giving to students who have lost earning parents ?

FIITJEE is committed to support the students who have lost their parent(s) to the COVID-19 pandemic. Following are the benefits / concessions, in consonance with the respective situation given below :

2. One-time Administration Fee of Rs. 5,000 only to be paid by the student at the time of admission.

2. 100% fee waiver on all the other fee heads of FIITJEE fees, study material fees (by Megacosm) & Online Test fees.

Situation 3 : Student who has lost one parent who was an earning member, but the other parent is still alive and is also earning.

1. 100% waiver on Tuition fee only.
2. All other fees are to be paid as per the respective fee structure.

Situation 4 : Student who has lost one parent who was not earning
